

AGENT ACTION CENTER / 49 CALLS / 8 FAMILIES

Find the action you need.

Browse the documented Discord and wallet action names. F5ai handles hosted Discord execution. Wallet-required work executes only in the customer environment, and live recertification is still open.

Required scope	giveaways:read

AUTHORITY BOUNDARY

Calls stay bounded. Wallet custody stays with the customer.

Package entitlements bound every call. Wallet work executes only in the customer environment. Non-custodial payout handoff is not yet available. Recovery material, witnesses, transaction CBOR, and signing keys stay outside F5ai infrastructure.
